Haha.

Yes, I hope to have the GPS data as well as the field screening data (turbidity, alkalinity, ferrous iron, and sulfide) data uploaded into SCRIBE by Tuesday. (Monday is a holiday for us)

The GPS coordinates for the front door of HW27 are **Ex. 6 - Personal Privacy**

Thanks,

Hi Suddha -

You can run - but you can't hide.

Seriously - I would appreciate it if you could e-mail the lat/long coordinates for HW-27.

Hopefully - we will be able to get all this info from SCRIBE in the near future. Until then - I'll bug you to get it from the logbooks.

Thanks - Kelley
